ALOE VERA 200

200 mg of 200:1 Ultra-Concentrate
Pure Cold Processed Aloe Vera

Dietary Supplement | **360** Easy-to-Swallow Capsules

Andrew Lessman's **ALOE VERA 200** provides 200 mg of our exceptional 200:1 ultra-concentrate of pure **Aloe Vera** derived from the prized inner fillet of the *Aloe Barbadensis* plant. Our **Aloe Vera** is grown in exceptionally fertile soil and never exposed to frost while growing or heat during production. Our **Aloe Vera's** benefits are so highly concentrated that it requires 12 pounds of pure **Aloe Vera** to create just one ounce of our unique powder. Our **Aloe Vera** also meets the most rigorous standards of the International Aloe Science Council to ensure it is of the highest quality and purity. Used externally, the **Aloe Vera** plant has been relied upon for centuries to support the body's wound-healing capabilities, as well as to soothe skin irritation, such as sunburn. Used internally, **Aloe Vera** is most respected for the relief it provides to the stomach and digestive system where it supports the health and integrity of the gastrointestinal lining. Its soothing benefits have also been noted for our joints and immune system. **Aloe Vera's** myriad of benefits result from its rich array of healing substances and our pure **Aloe Vera 200** is specifically designed to deliver high levels of these beneficial compounds as economically and conveniently as possible.

DIGEST ASSURE™

Complete Digestive Support
Powerful Plant-Based Enzyme Complex

Dietary Supplement | **360** Easy-to-Swallow Capsules

DIGEST ASSURE is a powerful, natural, plant-based enzyme complex designed to provide comprehensive support to the often challenging digestive process. Unlike typical digestive enzyme products, **Digest Assure's** comprehensive formula is entirely plant-based and contains no undesirable animal byproducts. It is formulated and balanced to promote the comfortable break down of the complex array of proteins, carbohydrates and fats we consume thus facilitating their digestion, absorption and utilization. Many factors, including stress, aging and medications, interfere with normal digestive function making complete and even more importantly, comfortable digestion extremely challenging. **Digest Assure's** blend of powerful, natural enzymes is designed to enhance the digestive process and as a result, enable us to more comfortably enjoy the benefits of our diet.

FRIENDLY FLORA PROBIOTIC

Comprehensive Probiotic Complex
Five Essential Beneficial Strains

10 Billion CFU

Dietary Supplement | **180** Easy-to-Swallow Capsules

FRIENDLY FLORA PROBIOTIC is a comprehensive blend of five established, beneficial probiotic strains, delivering an exceptional 10 Billion Colony Forming Units (CFU) per capsule. Probiotic means “for life” and probiotic-rich foods have been consumed for thousands of years. However, our diet is no longer rich in microflora with yogurt remaining one of its only sources, which typically contains unwanted calories and sugar and only provides unreliable levels of a single strain of microflora. There are trillions of beneficial microorganisms (microflora) in our body and their healthy balance is essential to the health of our digestive and immune systems. Our **Friendly Flora Probiotic** is designed to enhance the balance of these microorganisms in our digestive, immune, urinary and genital systems. It is well established that the microflora in our GI (gastrointestinal) tract play a vital role in promoting healthy digestion, including nutrient absorption and regularity. Maintaining a proper balance of our microflora is also essential to healthy immune system function. The delicate balance of microflora is easily upset by stress, poor diet, digestive issues and aging. This fragile balance is further disrupted by medications that affect the digestive system and its pH balance, such as antacids or antibiotics, which can entirely wipe out our microflora. **Friendly Flora Probiotic** provides 10 Billion Colony Forming Units per capsule of five carefully selected varieties of established, beneficial microflora to ensure the essential benefits of these remarkably healthy “friends.”
