ALOE VERA 400

Pure Cold Processed Aloe Vera
400 mg of 200:1 Ultra-Concentrate

Dietary Supplement | **240** Easy-to-Swallow Capsules

ALOE VERA 400 provides 400 mg of our exceptional 200:1 ultra-concentrate of pure aloe vera derived from the prized inner filet of the *Aloe barbadensis* plant. Our aloe vera is grown in exceptionally fertile soil and never exposed to frost while growing or heat during production. Our aloe vera's benefits are so highly concentrated that it requires 12 pounds of pure aloe vera to create just one ounce of our unique powder. Our aloe vera also meets the most rigorous standards of the International Aloe Science Council to ensure it is of the highest quality and purity. Used externally, the aloe vera plant has been relied upon for centuries to support the body's wound-healing capabilities, as well as to soothe skin irritation, such as sunburn. Used internally, aloe vera is most respected for the relief it provides to the stomach and digestive system where it supports the health and integrity of gastrointestinal lining. Its soothing benefits have also been noted for our joints and immune system. Aloe vera's myriad of benefits result from its rich array of healing substances and our pure **Aloe Vera 400** is specifically designed to deliver our highest levels of these beneficial compounds as economically and conveniently as possible.
