**ALOE VERA 200  
GINGER ROOT 200**

**Aloe Vera + Ginger Root Extract**  
Soothing Relief for Digestion and Joints

Dietary Supplement | **360** Easy-to-Swallow Capsules

**ALOE VERA 200 GINGER ROOT 200** combines two of the most respected ingredients for digestive health and joint support. Aloe's history of use goes back over 2,000 years and although often used to soothe the skin and joints, it is well known for its soothing relief to the stomach and digestive system. Our 200:1 aloe vera ultra-concentrate comes exclusively from the inner fillet of the aloe vera plant and our aloe is never exposed to frost while growing or heat during production. Our aloe is so concentrated that it requires 12 pounds of pure aloe vera to create just one ounce of our unique powder. Our **Aloe Vera 200** is specifically designed to deliver the highest levels of aloe's protective, soothing, healing substances. Ginger root is another traditional remedy used for centuries by multiple cultures throughout the world. Its most frequent use have been to calm an upset or queasy stomach, as well as to soothe our aging joints. Unlike typical ginger that is nothing more than spice in a bottle, our ginger root extract is standardized to deliver optimum levels of protective gingerols. Our **Aloe Vera 200** and **Ginger Root 200** provides two of Mother Nature's most effective tools for soothing relief for our digestive system and hard-working joints.
