COQ10 200 + PQQ 20

Coenzyme Q-10 · Pyrroloquinoline Quinone
200 mg Vitamin C + Complete B-Complex
with Methyl B12 & Methyl Folate

COQ10 200+PQQ 20 is designed to promote optimum cellular energy by providing high levels of CoQ10 and Pyrroloquinoline Quinone (PQQ). It provides the finest, natural source of our body's most critical energy nutrient CoQ10, along with the world's purest PQQ. It also provides our high potency B-Complex and Vitamin C. CoQ10 is essential for all energy production and therefore, for life itself. Sadly, CoQ10 levels decline with age, stress, diet, health issues and the use of the most popular drugs, such as cholesterol, blood pressure, osteoporosis and antidepressant drugs. Further underscoring CoQ10's importance, is that the healthy function of our body's most hardworking organs (heart, brain, liver, kidneys, pancreas) requires the body's highest levels of CoQ10. It is this connection between CoQ10 and our most vital organs that provides an unparalleled opportunity to promote abundant energy and optimum health. This formula provides an exceptional opportunity to benefit from what many consider to be nature's most important nutrient.
