ULTIMATE CALCIUM- MAGNESIUM INTENSIVE CARE™

Vitamin D3 | Vitamin K2 MK-7

Ultra-Gentle Super-Soluble Calcium-Magnesium
Unsurpassed Support for Healthy Bones

Dietary Supplement | **360** Easy-to-Swallow Capsules

ULTIMATE CALCIUM-MAGNESIUM INTENSIVE CARE is a mild, natural formula designed to address the needs of all individuals to consume the calcium, magnesium, vitamin D3 and vitamin K2 MK-7 we require. This easy-to-swallow, ultra-mild and easy-to-absorb formula is ideal for everyone, particularly those who struggle with ordinary, rock-hard calcium tablets. Sadly, calcium, magnesium, vitamin D and vitamin K2 are all lacking from our diet and low intakes of vitamin D and vitamin K2 MK-7 make what little calcium we consume even more difficult to absorb and utilize. The inadequate intake of these essential nutrients poses a critical threat to not only our skeletal health, but also to the health of our body's most vital organs and systems, including our heart and circulatory system. Calcium, magnesium, vitamin D and vitamin K2 are critical at all stages of life, but as we get older, the role of these essential nutrients only increases, yet their availability and utilization only declines with age, making supplementation even more important. We confidently guarantee no chalky aftertaste and no stomach upset with our uniquely enjoyable and problem-free **Ultimate Calcium-Magnesium Intensive Care**. We all know how vital these nutrients are at all stages of life but, as we get older, the minerals we need become more difficult to absorb. Our **Ultimate Calcium-Magnesium Intensive Care with Vitamins D3 and K2 MK-7** makes these vital nutrients not only easy to absorb, but allows us to do so without any risk of stomach upset.
