ASTAXANTHIN 4000

4,000 mcg Natural Astaxanthin
Ultra-Protective Carotenoid

Dietary Supplement | **360** Easy-to-Swallow Capsules

Andrew Lessman's ASTAXANTHIN 4000 provides a pure, concentrated source of Astaxanthin – one of Mother Nature's most powerful and protective anti-oxidant carotenoids. **Astaxanthin** is derived from aquatic algae and is responsible for the rich reddish-pink color observed in many marine species, including salmon, crab, lobster, shrimp, krill and even the flamingo, whose diet is abundant in **Astaxanthin**-producing algae. **Astaxanthin** can be found in fish and shellfish that consume Astaxanthin-rich organisms; however, its most pure and abundant source is the microalgae *Haematococcus pluvialis*, which is the natural source used to make this product. **Astaxanthin** has been consumed for centuries, but has only recently gained recognition for its extensive health benefits. Recent research shows **Astaxanthin** to possess antioxidant power many times greater than Beta-Carotene, Lutein, Lycopene and Zeaxanthin. **Astaxanthin** helps protect cell structures from oxidative damage and it can cross the blood-brain barrier to deliver its benefits to the delicate tissues of the brain and nervous system. It is most well known for the protective benefits it provides to the delicate structures of the eye, enhancing visual accommodation, acuity and eye function.

Astaxanthin's wide-ranging benefits also extend to the heart, liver, breast and immune system. To assure you the greatest benefits possible, we enhance our pure, natural **Astaxanthin** with the unique balance of plant-based Omega-3 fatty acids from Ahiflower® Oil.

Ahiflower® is a registered trademark of Technology Crops, LLC. These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

CONTAINS NO ADDITIVES OR COMMON ALLERGENS OF ANY KIND

Supplement Facts		Serving Size 1 Softgel
		Servings Per Container 360
