ULTIMATE EYE SUPPORT[®]

with ASTAXANTHIN

12 mg Lutein • 6 mg Zeaxanthin
4 mg Astaxanthin

High Anthocyanin Bilberry and Elderberry
 Ahiflower[®] Oil • Phosphatidyl Choline

Dietary Supplement | **360** Easy-to-Swallow Capsules

ULTIMATE EYE SUPPORT with ASTAXANTHIN contains exceptionally high levels of lutein and zeaxanthin (essential macular pigments), along with astaxanthin. All three of these powerful, protective carotenoids are uniquely highly concentrated in the tissues of the eye, particularly the retina and macular region. Plus, beyond their well-established role in protecting the eye and promoting healthy vision, lutein, zeaxanthin and astaxanthin levels in the brain have now been shown to be associated with healthy brain and cognitive function, particularly as we age. This unique formula also includes standardized extracts of bilberry and elderberry providing high levels of anthocyanins to support healthy night vision. We also provide our EGCG-rich green tea extract to further protect the delicate tissues of the eye, along with our citrus bioflavonoids and OPC-rich (oligomeric proanthocyanidins) grape seed extract to target the eye's micro-circulation. We also add both phosphatidyl choline (PC) and Ahiflower[®] oil to enhance the efficacy of this formula while also protecting the eye's most delicate structures.

Ahiflower[®] is a registered trademark of Technology Crops, LLC. These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

CONTAINS NO ADDITIVES OF ANY KIND

Supplement Facts		Serving Size 2 Softgels
		Servings Per Container 180
Amount Per Serving		% DV*
Vitamin A (as natural beta carotene)	300 mcg RAE (1,000 IU)	33%
