

SUGGESTED USE Each level scoop (approximately ¼ teaspoon) contains the equivalent of one capsule of the encapsulated version of **Fruit Full Anti-Oxidant Extracts**. Consume one or more scoops daily or as recommended by your health care professional. You can add the benefits of this product to water, smoothies or a beverage of your choosing. It can also be used to enhance the nutrient content of yogurt, applesauce, oatmeal or more. As with any dietary supplement, this product is most effective when used as part of a healthy diet and active lifestyle. **For questions about the use of this product call 800.332.7799.**

This package is sold by weight, not by volume. It contains the full weight indicated on the label. Settling of contents can occur during shipment.

Açaí | Bilberry | Cranberry | Blueberry | Raspberry
Grape | Elderberry | Cherry | Chokeberry | Blackberry
Pomegranate | Resveratrol | Apple | Strawberry

Dietary Supplement | **Bulk Powder** | 9.96 oz (0.62 lbs) (282.6 g)

600 Capsule Equivalent

Andrew Lessman's FRUIT FULL ANTI-OXIDANT EXTRACTS is a unique blend of Mother Nature's healthiest fruits and berries. It is well-established that rich-colored fruits and berries deliver a multitude of powerful protective compounds called polyphenols. Our **Fruit Full Anti-Oxidant Extracts** combines standardized extracts from 14 of the most well-researched fruits and berries to provide a broad spectrum of powerful natural protection. The Anthocyanins in our **Bilberry** extract protect the retina and its macular region while also supporting night vision. The fruit acids and anthocyanins in our **Cranberry** extract support the health of the bladder and kidneys while the proanthocyanidins and polyphenols in our **Grape Seed, Grape Skin** and **Apple** extracts offer extensive cardiovascular and circulatory benefits. We add our unique extracts from exotic super-fruits, such as **Pomegranate** and **Açaí Berry**, to extracts of well-known berries, such as **Blackberry, Elderberry, Raspberry, Strawberry, Chokeberry** and **Blueberry**. Each of these remarkably-rich extracts owes their protective properties to the deep, rich colors and pigments of their skins and pulp. We also add **Resveratrol** - the key beneficial molecule in Red Wine, Grapes and Grape Skin, because of its central role in the Mediterranean Diet. All the ingredients in **Fruit Full Anti-Oxidant Extracts** are standardized, so you are assured of the quality and consistency of its contents from the healthiest foods that are so rarely a part of our modern diet.
