MEN'S FOUNDER'S

Andrew Lessman's FOUNDER'S formula is the most comprehensive and the highest potency member of our entire family of multi-vitamin-mineral formulas. Like all our multivitamins, our Founder's is 100% pure and contains no additives of any kind. In short, it provides only the nutrients you desire with no binders, fillers, colors, flavors or additives of any kind. It comes as an ultra-fine powder in small, easy-to-swallow capsules that are guaranteed gentle even to sensitive stomachs. It provides all the benefits you seek without any of the problems normally associated with multivitamins.

Our FOUNDER'S formula delivers more than 40 nutrients, including high potencies of all essential vitamins, minerals, carotenoids, phytonutrients and nutraceuticals. It is both the purest and most comprehensive multivitamin, yet also the most mild and gentle. It provides 2000 IU of all-important Vitamin D3, along with high levels of the B-Complex, including 2,000 mcg of Biotin (the beauty vitamin) and 500 mcg of our absorption-protected Methylcobalamin (Natural Coenzyme Vitamin B12), along with 1,000 mcg of our naturally more active Folic Acid as 5-MTHF (5-methyltetrahydrofolate). We also include 1,000 mg of non-acidic Vitamin C, along with high levels of the powerful, targeted protection afforded by key carotenoids, including Lutein (12,000 mcg), Lycopene (12,000 mcg) and Zeaxanthin (6,000 mcg). Founder's also utilizes natural Vitamin E whereas most leading multivitamins do not. FOUNDER'S also includes Andrew's personal, concentrated balance of six vital ingredients, including Coenzyme Q-10, Alpha Lipoic Acid, Resveratrol, Green Tea EGCG, Pomegranate and Citrus Bioflavonoids. Details regarding each of these powerfully protective ingredients follows:

Coenzyme Q-10 (CoQ10) - 500 mg. CoQ10 is a powerful protective compound required for all energy production. It is required at high concentrations in key organs (heart, brain, liver and kidneys) to ensure optimum function. Despite its importance, CoQ10 levels decrease with age, stress, medications, poor diet and even physical activity making supplementation essential.

Alpha Lipoic Acid (ALA) - 500 mg. Referred to as the *Universal Anti-Oxidant*, because it is both water and fat soluble. This allows ALA to protect even hard-to-reach tissues like the brain. ALA promotes the

creation of Glutathione, the body's most powerful protective compound. Like CoQ10, ALA declines with age, stress, medications and more making supplementation important.

Resveratrol - 200 mg. Resveratrol has long been the focus of extensive anti-aging research. It is among the most powerful protective compounds and associated with the extensive benefits of the Mediterranean diet.

Epigallocatechin Gallate (EGCG) - 200 mg. EGCG from Green Tea is a powerful protective compound that combines centuries of traditional use with decades of compelling anti-aging and wellness-based research. **Pomegranate (40% Ellagic Acid and Punicalagins) - 200 mg.** Pomegranate has long been referred to as *sacred fruit*. Unlike pomegranate juice, our formula is standardized to deliver its beneficial compounds without sugar and calories.

Citrus Bioflavonoids - 200 mg. Citrus Bioflavonoids, including Hesperidin and Rutin, are powerful protective compounds concentrated in citrus fruit and other healthy plants. They support healthy circulation and enhance the benefits of Vitamin C.

Our FOUNDER'S formula also delivers high levels of phytonutrients and protective compounds from nine other established natural ingredients, including extracts of **Bilberry, Blueberry, Curcumin, Broccoli, Wasabi, Mustard Seed, Pine Bark, Grape Seed and Apple**. Each of these standardized extracts of long-respected natural ingredients has been the subject of extensive scientific inquiry validating their benefits and importance to any comprehensive health and anti-aging regimen.

Our FOUNDER'S formula delivers the nutrition you seek *without* hard-to-swallow and difficult-to-digest tablets. We use only easy-to-swallow capsules containing pure, ultra-fine, additive-free powders to ensure a perfect experience with no stomach upset. Also, unlike typical multi-vitamins that ignore the current science, Founder's provides the most comprehensive list of vitamins, minerals, carotenoids, phytonutrients and nutraceuticals at levels that respect both you and the scientific literature.

THE PERFECT PACKET: The Perma-Fresh Purple Packet. The only Packet worthy of our Exceptional Products.

Our Purple Packet is our most advanced packet ever, offering even more protection than our original Foil Packet. To retain potency, vitamins must be protected from light, moisture and oxygen and the ordinary clear packets used with typical vitamins cannot do so. Our unique Purple Packets are constructed from multiple layers of specialized materials to safeguard the potency of your vitamins. For decades, our Foil Packets set the standard for protection and today, our Perma-Fresh Purple Packet takes that protection to the next level, giving your vitamins the special protection they deserve.

SUGGESTED USE Consume the contents of one packet daily with food - preferably a complete meal. You can consume your daily supply at one time with a single meal or divide it to be taken with food throughout the day. **For questions about the use of this product call 800.332.7799.**
