

SUGGESTED USE Mix powder into your dog's food at the levels indicated in the table below or as directed by your veterinarian. The recommended daily supply can be consumed with a single meal or divided between meals. Do not exceed the maximum recommended daily supply. Always follow your veterinarian's recommendations. Start with the recommended *average* daily supply for your dog's weight stated in the table and increase or decrease based upon your dog's joint health, age, activity level and general health. For best results, we recommend a healthy diet, activity level and optimum bodyweight. **For questions about the use of this product call 800.800.1200.**

Joint Benefits

Glucosamine Sulfate • Chondroitin Sulfate
Collagen Peptides • MSM • Turmeric • Biotin
Boswellia • Vitamin C • Vitamin D • Vitamin E

Joint Benefits is our most comprehensive joint formula designed to meet the exceptional needs of our furry friends. A dog's accelerated lifespan and boundless energy places an enormous burden on their joints. **Joint Benefits** provides the most important scientifically established tools to promote the comfort, structure and function of our dog's joints. We start with the ideal forms, levels and balance of Glucosamine and Chondroitin - viewed by veterinarians as the first line of natural joint defense. We only use the clinically proven sulfate form of Glucosamine not the unproven HCl form found in most pet products. We include high levels of our free-range collagen peptides, specifically selected to deliver their benefits to the collagen matrix of joint tissue. We add methyl-sulfonyl-methane (MSM), an exceptional source of sulfur - a critical element for healthy joint tissue. We add the soothing benefits of Turmeric and Boswellia, along with Biotin to promote the repair of the protein-rich joint tissue. These ingredients, along with several others, provide the perfect foundation for your dog's hardworking joints, but don't be surprised if you also observe positive changes in their coat, skin and energy level. In short, **Joint Benefits** is the perfect way to say thank you to our most loyal friends.
