complete meal replacement bar

Secure Complete Meal Replacement Bars are delicious, nutritious, and economical. Each bar provides a 140-calorie meal or snack containing 7 g of protein, along with 50% to 200% of the RDI of all B-vitamins, plus 50% of the RDI of vitamins C, D and E. **Secure** is designed to be the most delicious bar you have ever tasted that also satisfies your appetite and nutrient requirements. In addition to high levels of vitamins, minerals and protein, each bar is also a rich source of prebiotic inulin fiber to support a healthy microbiome, as well as beneficial medium chain triglycerides (MCTs) from coconut oil. Meal replacements are perhaps the most reliable and well-established of all weight management tools, but sadly, they are rarely enjoyable or barely healthy. **Secure** reinvents the experience and advances the science of meal replacements making them just as delicious and enjoyable as they are nutritious and healthy. Of course, **Secure** works perfectly with any sensible weight management, wellness or eating plan; however, even the most complete meal replacement should not be consumed as an exclusive source of calories and nutrition, so please be sure to consume at least one balanced meal daily. *Enjoy!*
