# URGENT ENERGY™

**Natural Sustained Energy**

Panax · Eleuthero · Ashwagandha  
Green Tea · Guarana · Royal Jelly

Dietary Supplement | **360** Easy-to-Swallow Capsules

**URGENT ENERGY** is designed to provide a healthy, natural means of enhancing energy and feelings of well-being without the dangerous or deceptive ingredients found in so many typical “energy” formulas. **Urgent Energy** contains standardized extracts of botanicals used traditionally throughout the world to help maintain energy, combat fatigue and promote feelings of well-being. We start with our Green Tea extract, with its long history of use in Asia to support energy and vitality. We then add Guarana extract, a natural source of caffeine-related alkaloids to promote energy. We also include extracts of two adaptogenic herbs, Panax Ginseng and Eleutherococcus; both with thousands of years of traditional use to combat fatigue, adapt to stress and promote feelings of well-being. We also include Ashwagandha, a botanical used in traditional Ayurvedic medicine to help adapt to physical and mental stress. **Urgent Energy** also contains Royal Jelly, the uniquely balanced and comprehensive food of the Queen Bee. Finally, we add a high potency B-complex because of its vital role in energy production and how easily B-vitamins are depleted by stress. **Urgent Energy** is designed to help combat fatigue and promote optimum energy levels and feelings of well-being, which can often prove difficult given the myriad challenges of daily life. These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

**CONTAINS NO ADDITIVES OR COMMON ALLERGENS**

## Supplement Facts
