Secure Complete Meal Replacement Bars are delicious, nutritious and economical. Just a half bar provides a 140-calorie meal with 7 g of protein and 50% to 200% of the RDI of all B-vitamins, plus 50% of the RDI of vitamins C, D and E. A half bar is the perfect snack or light meal while a full bar will satisfy even a serious appetite. Each bar is also a rich source of prebiotic inulin fiber to support a healthy microbiome, along with the health benefits of medium chain triglycerides (MCTs) from coconut oil. Meal replacements are an established weight management tool and our deliciously satisfying **Secure Complete Meal Replacement Bars** are designed to work perfectly with any sensible weight management or wellness plan. Of course, even the best meal replacement should not be used as an exclusive source of nourishment, so be sure to consume at least one healthy, balanced meal daily.
