CALCIUM-MAGNESIUM INTENSIVE CARE™

Ultra-Gentle Super-Soluble Calcium

Magnesium · Vitamin D₃ · Boron

CALCIUM-MAGNESIUM INTENSIVE CARE is a mild, natural formula designed to address the needs of all individuals to consume the calcium, magnesium, and vitamin D₃ we require. This easy-to-swallow, ultra-mild and easy-to-absorb formula is ideal for everyone, particularly those who struggle with ordinary, rock-hard calcium tablets. Calcium and magnesium are two of the most abundant minerals on our planet, but they are sadly lacking from our diet. Making matters worse is the fact that vitamin D is even more scarce than calcium and, without adequate vitamin D, we cannot absorb what little calcium we consume. It is medically established that inadequate intake of calcium, magnesium and vitamin D poses a substantial threat to the health of our bones and bodies. Plus, ordinary calcium supplements are typically large, rock-hard tablets that are difficult to swallow, upsetting to our stomach and not well-absorbed. Our **Calcium-Magnesium Intensive Care** comes in small, easy-to-swallow capsules containing an ultra-fine, super-soluble powder that is gentle even to the most sensitive stomachs. We confidently guarantee no chalky aftertaste and no stomach upset with our uniquely enjoyable and problem-free **Calcium-Magnesium Intensive Care**. We all know how vital these nutrients are at all stages of life but, as we get older, the minerals we need become more difficult to absorb. Our **Calcium-Magnesium Intensive Care** makes these vital nutrients not only easy to absorb, but allows us to do so without any risk of stomach upset.
