

WOMEN'S ELITE 100

with Maximum Essential Omega-3 500 mg

Elite 100 is an ultra-high-potency multi-vitamin-mineral-carotenoid formula with the added benefits of botanicals, nutraceuticals and our Maximum Essential Omega-3. Elite 100 is uniquely pure and contains only the nutrients you desire without the additives of all other multivitamins. Elite 100 comes in small, easy-to-swallow capsules guaranteed gentle to even sensitive stomachs and free of any fishy aftertaste. Elite 100 provides all the benefits you seek without any of the unpleasant problems associated with the use of other multivitamins.

Elite 100 contains 2,000 IU of Vitamin D3, plus high levels of all B-Complex vitamins, including 2,000 mcg of Biotin (the beauty vitamin), 250 mcg of our absorption-protected methylcobalamin (natural vitamin B12), pyridoxal 5'-phosphate form of B6, along with 600 mcg of our unique 5-MTHF (methyl folate) in place of ordinary and less active folic acid. We also provide 1,000 mg of non-acidic Vitamin C, 400 IU of natural vitamin E, as well as high levels of the key protective carotenoids typically absent from multivitamins, including Lutein (6,000 mcg), Lycopene (6,000 mcg) and Zeaxanthin (3,000 mcg). In short, Elite 100 provides the nutrients you require at levels and forms that respect both you and the science.

Maximum Essential Omega-3 contains our unique blend of Omega-3s in their natural triglyceride form from fish oil, but with no fishy aftertaste, no stomach upset, no heavy metals and no contaminants. Omega-3s are a sensible addition to a multivitamin, since like vitamins and minerals, they cannot be made by the body and are sadly lacking from the American diet. The heart health benefits of Omega-3s are long established, but DHA's additional role as a primary structural component in the eye and brain makes it the most important of the Omega-3s. Accordingly, unlike typical Omega-3s, we focus on DHA and its benefits for heart, brain and eye health. Fish oil is also well known for its unpleasant aftertaste and our unique formula eliminates any fishy aftertaste providing the benefits you seek without any unpleasant problems.

The "100" in Elite 100 refers to the 100 mg of six vital ingredients:

Coenzyme Q-10, Alpha Lipoic Acid, Resveratrol, EGCG, Pomegranate and Bioflavonoids.

Coenzyme Q-10 (CoQ10) - 100 mg CoQ10 is a powerful protective compound required for all energy production. It is required at high concentrations in key organs (heart, brain, liver and kidneys) to ensure optimum function. Despite its importance, CoQ10 levels decrease with age, stress, medications, poor diet and even physical activity making supplementation essential.

Alpha Lipoic Acid (ALA) - 100 mg Referred to as the *Universal Antioxidant*, because it is both water and fat soluble. This allows ALA to protect even hard-to-reach tissues like the brain. ALA promotes the creation of Glutathione, the body's most powerful protective compound. Like CoQ10, ALA declines with age, stress, medications and more making supplementation important.

Resveratrol - 100 mg Resveratrol has long been the focus of extensive anti-aging research. It is among the most powerful protective compounds and associated with the extensive benefits of the Mediterranean diet.

Epigallocatechin Gallate (EGCG) - 100 mg EGCG from Green Tea is a powerful protective compound that combines centuries of traditional use with decades of compelling anti-aging and wellness-based research.

Pomegranate (40% Ellagic Acid and Punicalagins) - 100 mg Pomegranate has long been referred to as *sacred fruit*. Unlike pomegranate juice, our formula is standardized to deliver its beneficial compounds without sugar and calories.

Citrus Bioflavonoids - 100 mg Citrus Bioflavonoids, including Hesperidin and Rutin, are powerful protective compounds concentrated in citrus fruit and other healthy plants. They support healthy circulation and enhance the benefits of Vitamin C.

The Perma-Fresh Packet.

To retain potency, vitamins must be protected from light, moisture and oxygen. Sadly, ordinary packaging materials do not effectively do so. Our unique Perma-Fresh Packet is constructed from multiple layers of specialized materials to safeguard the potency of your vitamins and provide the protection they, and you, deserve.
